

FERGAS MODULAR FAN SYSTEM

Crossflow blower serial connected

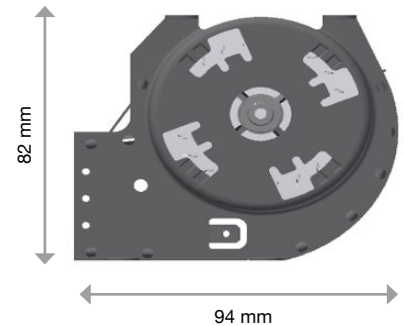

NCB-L 60

L (mm)	L1 (mm)	L (mm)	L1 (mm)	L (mm)	L1 (mm)
180	203	180	203	180	246
240	264	240	264	240	307
300	325	300	325	300	368
360	388	360	388	360	431
420	446	420	446	420	489
480	507	480	507	480	550

FEATURES

- Modular system, easy to connect and to combine to required length.
- Even distribution of air over the whole length of the blower.
- Easy to protect with motor on one side.
- A variation of motortypes can be supplied, like AC high voltage motors.

TECHNICAL DATA

Example

Length (mm)	Max airflow (m ³ /h)	Speed (rpm)	Sound (dBA)	Voltage (V)	Power (W)
2 x 240					
3 x 240					
2 x 300					
3 x 300					
2 x 420					
3 x 420
